LETTER OF ASSURANCE

Date: _____

To: Thermo Fisher Scientific Company LLC

From: (Customer Name)

Subject: Letter of Assurance

Thermo Fisher Customer Account Number: _____

Customer understands that delivery of products to it by Thermo Fisher Scientific Inc. or one of Thermo Fisher Scientific's business units ("Thermo Fisher") may take place only after Thermo Fisher has received certain assurances. Those are needed to help assure compliance with the export laws and the business conduct laws of various countries (including the United States), which apply to certain of those products and related activities.

Accordingly, Customer acknowledges that it will: (i) comply with all applicable laws and regulations whenever it transfers, exports, or re-exports any product(s) obtained from Thermo Fisher; and (ii) as required, secure licenses under applicable export laws and provide copies of those licenses to Thermo Fisher upon request; and (iii) comply in all respects relevant anti-bribery/anti-corruption laws including the U.S. Foreign Corrupt Practices Act.

With respect to the laws of the U.S., Customer acknowledges and represents that if it exports or causes to be exported any product obtained from Thermo Fisher, this will be done in compliance with the Export Administration Regulations, the International Traffic in Arms Regulations, and the regulations administered by the U.S. Treasury Department's Office of Foreign Assets Control. (Information on those export and re-export controls can be found at www.bis.doc.gov; www.pmdtc.state.gov; and www.treas.gov/offices/enforcement/ofac.)

Customer also represents that (i) none of its partners, owners, principals, officers or staff members are officials, officers or representatives of any government or a candidate for political office, and (ii) it is not and will not be involved in the decision-making process associated with an award related to any bid made by Thermo Fisher, and (iii) no part of any money it receives will be used for any purpose which would violate the U.S. Foreign Corrupt Practices Act or any other law or regulation applicable to its activities.

In particular relative to exports, Customer acknowledges and represents that with regard to any product it acquires from Thermo Fisher and which is received directly or indirectly from the U.S. (or is otherwise subject to U.S. export control laws), Customer will not transfer, export, or re-export that product:

- to Cuba, Iran, North Korea, Sudan, or Syria, or to any national or other person under the control of the government of such country, or to any other country subject to restriction under applicable U.S. regulations; or
- To any party engaged in an activity related to the research on, or development, production, use, or maintenance of, Weapons of Mass Destruction, including nuclear, missile, and/or chemical/biological weapons, and it will not use such product in any of the foregoing activities; or
- To any party who is listed by the government of the United States or any other country as prohibited from receiving the product, or from participating in export transactions involving the product.

If changes to this Letter of Assurance are necessary, we will contact Thermo Fisher's Export Compliance organization for approval.

Sincerely,

(Signature of officer or authorized manager)
